THE HOSPITAL & HEALTHSYSTEM
ASSOCIATION OF PENNSYLVANIA

2012 Federal Directory

Healing
Health.
Hope.

Building strong relationships between hospital and health system representatives and their elected officials is the cornerstone of a successful advocacy program and a primary goal of The Hospital & Healthsystem Association of Pennsylvania. These relationships serve as the foundation for productive dialogues and collaborative efforts focused on improving health care for more than 12 million Pennsylvania residents.

The 2012 Federal Directory contains biographical information on members of Congress, including a listing of the Washington and district office addresses; phone and fax numbers; website addresses; health-related committee assignments; and key staff. HAP-member hospitals and health systems located within the congressional district also are included. I encourage you to use the directory both as a reference and as a tool for relationship building.

A handwritten signature in black ink that reads "Carolyn F. Scanlan". The signature is written in a cursive, flowing style.
