At a Glance:

• **Our Level 3 Patient-Centered Medical Homes** (PCMH), which hold the **FQLA designation**, integrate Primary Medical, Dental, Behavioral Health, Addiction Medicine, Ryan White Infectious Disease, and School-Based Health Center services, providing inclusive access to a seven-county radius in Northeast Pennsylvania.

• **The Wright Center’s Graduate Medical Education Safety-Net Consortium** (GME-SNC) has a dual mission to improve the health and welfare of the communities we serve through inclusive and responsive health services and the sustainable renewal of an inspired and competent workforce that is privileged to serve.
Pennsylvania Opioid Use Disorder Center of Excellence

- Our designations as a Pennsylvania Opioid Use Disorder Center of Excellence in 2016 and PacMAT in 2018 have transformed all of our care delivery service lines and our organizational culture toward recovery.
- We currently have 22 waived providers and 3 who are board-certified in Addiction Medicine.
- 739 total patients served in our OUD-COE since 2016.
Healthy MOMS
(Maternal Opiate Medical Support)

82 total moms served since program began in 2018

54 moms currently in the program

To date, 38 babies have delivered in Healthy MOMS Program.
Warm Hand-off Initiative

- Built Collaborative Relationships with Local Partners
- TWCCCH Residents Rounding at Local Hospitals
- Educated Hospital Teams / Didactics
Our Partnership with the State

- We’re grateful for the funding and legislative support of Gov. Wolf, Sec. Dr. Levine, Sec. Miller and Sec. Smith.
- **State Grants:** PacMAT ($1.75M); PADHS OUD Support Services and Housing ($2.6M); AllOne Opioid Pregnancy Recovery ($500,000); DDAP Pregnancy Support Services ($382,441)
- **Federal Grants:** USDA Distance Learning and Telemedicine ($463,223); HRSA Rural Communities Opioid Response ($1M); SAMHSA MAT-PDOA ($1.5M)

UPMC Susquehanna: Care of Patient with OUD During COVID-19

- North Central PA- 13 county region, hub located in Lycoming County
- Increase in # of OUD deaths- on track in 2020 to have the highest # of OUD deaths
  - Have had several “drop-off’s” over the last 2-3 months
- Positives:
  - Partnership with Single County Authority to provide warm-handoff’s
    - Covid-19 operations were limited to phone calls
  - New models of care
- Areas of improvement:
  - Community and provider buy-in. Overall feeling of fatigue
  - Identifying a provider champion
COVID and OUD

• MAT-DEA allows telephone prescriptions
  • Telehealth is a viable option

• Warm Handoff
  • Use a telehealth Hub and Spoke model
  • Challenges across county lines, but some of the tools remain the same
  • Go Live in Tower in July
